

Special Application Bearings

Special Application Bearings Contents

ULTAGE™ series Sealed four-row tapered roller bearings for rolling mill roll necks [CROU-LL type] ...	C- 2
ULTAGE™ series Sealed spherical roller bearings [WA type]	C- 6
ULTAGE™ series Spherical roller bearings with high-strength cage [EMA type]	C-10
ULTAGE™ series Deep groove ball bearings for high-speed servo motors [MA type]	C-14
Four-row cylindrical roller bearings	C-18
Four-row tapered roller bearings	C-32
Ultra-thin section type ball bearings	C-56
SL type cylindrical roller bearings	C-64
ULTAGE™ series Precision rolling bearings for machine tools	C-74
Bearings for special environments	C-74
Rubber molded bearings	C-74
MEGAOHM™ series insulated bearings	C-75
Clutches	C-75
